

MATERIAL SAFETY DATA SHEET

According to 1907/2006/EC

DR!PSTOP

1. Identification of the substance and of the company

- **Product description:** Self adhesive PES membrane
- **Trade name:** DR!PSTOP 
- **Supplier:**
FILC d.d
Trata 48
SI -4220 Škofja Loka
homepage: www.filc.si
tel.: +386 4 29 77 200
fax: +386 4 29 77 300
- **Product safety expert:** Janez Slokan | e-mail: janez.slokan@filc.si | tel: +386 4 29 77 209

2. Hazards identifications

- **Hazard designation**
Contact with product in molten state can cause skin burns.
- **Information pertaining to particular dangers for man and environment**
No specific health or environmental hazards are known.
Not classified as "Dangerous substance" according to EEC standards

3. Information on ingredients

- **Description:**
PES nonwoven (79 - 85%)
Adhesive: Hotmelt synthetic rubber based pressure sensitive adhesive (15 - 21%)
Foil: Polyethylene film with a thin silicone coating (packaging material)
- **Dangerous ingredients:** None

4. First-aid measures

- **General information:**
Contact with product in molten state can cause skin burns. After skin contact cool down immediately with cold water. Seek medical advice.

5. Fire-fighting measures

- **Suitable extinguishing media:**
Foam, dry powder, water spray jet, carbon dioxide.
- **Unsuitable extinguishing agents for safety reasons:**
High pressure water-jet.
- **Special protective equipment for fire-fighters:**
Wear self-contained breathing apparatus;
Wear protective equipment.

- **Hazardous combustion products:** Carbon oxides

6. Accidental release measures

- **Personal precautions:** Protective gloves (see also item 4).
- **Environmental precautions:** Do not empty into drains, surface water, ground water. Ensure conformity to local disposal regulations.
- **Clean-up methods:** Remove mechanically. Dispose of contaminated material as waste according to item nr. 13.

7. Handling and storage

- **Storage recommendations:**
The material can be stored up to one year in a clean, dry place. Storage temperature should be between +5°C and +30°C. Protect material from direct sunlight and moisture away from sources of heat. Avoid humid places. Use the oldest stock first.

8. Exposure controls / personal protection

- **Ingredients with limit values that require monitoring at the workplace:**
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
- **Personal protective equipment:** See items 4 and 6.
- **General protective and hygienic measures:** No special measures are required.

9. Physical and chemical properties

- **Form:** PES nonwoven with hotmelt pressure sensitive adhesive
- **Colour:** white, black, coloured
- **Smell:** odourless
- **Softening point:** > 100°C
- **Flash point:** >180°C
- **Ignition temperature:** approx. 530°C
- **Density:** 1,25 - 1,35 g/cm³
- **Solubility in water (at 20°C):** insoluble

10. Stability and reactivity

- **Substances to be avoided:**
If used for the intended purpose none known substances are to be avoided.

11. Toxicological information

During the intended use of this product any adverse effects to human health are not known so far.

12. Ecological information

Not determined

13. Disposal considerations

Local and national regulations of waste disposal should be followed.

14. Transport information

It is not a hazardous product in terms of national and international transportation regulations. (GGVSee/IMDG-Code, GGVSE, RID/ADR, ADNR, ICAO/IATA-DGR)

15. Regulatory information

- **Labelling according to EU guidelines:**
The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials.

16. Other information

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

The safety data sheet only describes the product in aspect to their safety requirements.

This safety data sheet was prepared in accordance with Council Directive 67/548 EEC and its subsequent amendments and Commission Directive 1999/45/EC.
